A Weekly Newspaper Devoted to Furthering the Civic and Rural Interests of the Whole of Washington Township

51 YEARS OLD | NILES, CALIFORNIA | FRIDAY JUNE 2, 1939 | No. 22

AROUND *the* TOWNSHIP

Congratulations and welcome to the new management of the Occidental stove factory at Irvington! Good wishes for all success for your success means ours—not only at Irvington but throughout Washington Township.

The establishment of a $500,000 stove factory at Irvington is once more proof of the ideal location, climate, transportation facilities and living conditions of Washington Township. Centrally located, within reach of metropolitan centers, adjacent to rail, b[illegible] and water distribution poin[illegible], it is to be hoped that other industries will follow the example of the Steiger and Kerr Company which has been operating in San Francisco since 1869 and has heard the call of the small town Community for a new set-up.

A special welcome to the officials, John H. Sattler, president; George A. Sattler, secretary-treasurer and William C. Gaffers, vice president.

* * * *

In spite of the fact that there is no opposition in any of the 11 of the Washington Union High School districts, don't forget to vote!

There is always the chance that the name of the wrong person will be written in and not claiming the knowledge it would be "legal" or not, it would at least be embarrassing. Besides, good citizens exercise the privilege of the ballot.

Polls will be open from 1 to 6 o'clock this afternoon at each grammar school and are open at 12 noon at Newark. Candidates are M. J. Overacker, high school; Decoto, H. F. Harrold; Centerville, Manuel Oliveira; Newark, Frank Jones; Warm Springs, Frank Gomes; Mission San Jose, Joe Azevedo; Niles, Joe Gomes; Alvarado, William Avilla; Alviso, Jose Luiz; Lincoln, Mrs. Josephine Brown.

The joint board of Irvington and Mowry's Landing will be appointed.

ST. MARY OF THE PALMS GRADUATES 17 ON SUNDAY

MISSION SAN JOSE — Graduation exercises for 17 seniors at St. Mary of the Palms will be held Sunday afternoon at 2 o'clock. Father Miller, chaplain, will present the diplomas.

The summer camp of St. Mary's will open at Glenwood in the Santa Cruz mountains on June 6 and will remain open until the first of September. Fifty of the boarding students have enrolled and 150 outside girls will also be at the camp.

Classes will be opened here the latter part of August. Graduates of St. Mary's will attend Washington Union High School. Commencement exercises have included the annual recital of music pupils given recently.

Apricot Growers Of County Form Union To Benefit Industry

CENTERVILLE — Organization of apricot growers of Alameda County into what will be known temporarily at least as the Alameda County Apricot Growers Union took place at a mass meeting attended by 100 prominent growers at the Washington Union High School Monday night.

The purpose of the organization is to bargain with canners and processors for a price on the 1939 crop. It was emphasized that no fight with canners is in prospect, rather an effort to bring about a price that will benefit the apricot industry as a whole.

Unification of growers and abolition of all cliques and prejudices was urged. "Forget your religion, your politics, the pro rate and the Ham and Egg issues and get together on cots." said Ed Grant of Hollister, speaker of the evening.

The meeting was called by a temporary committee composed of M. J. Bernardo, James Nunes and A. J. Rezendes in order to allow representatives of San Benito County to explain the move which last year netted them 11 and 15 cents per pound for dried apricots in lieu of the $25 per ton offered by the canners.

Realizing that they were too small a group to continue gaining anything, the San Benito Growers are attempting to enlist the cooperation of other sections. County locals will become a part of the proposed State organization which will furnish a bargaining committee to negotiate with canners.

Members pledge themselves not to sell without the sanction of the negotiating committee unless released from this agreement by their own locals. There are no legal penalties, growers being expected to abide by their promise on their honor as "growers and gentlemen." Membership fees of $1 each stay in the locals and are used for publicity, postage and incidental expenses. No "jobs" are anticipated.

Also speaking at the meeting were William Campbell, president of the San Benito organization; Forrest Bishop of the Booth Cannery who said the organization would undoubtedly be of benefit to both growers and canners since each was dependent upon the other; Andrew Garin of Hayward, John Gary. Jack Smith, Manuel Oliveira and others.

The following officers were elected: M. J. Bernardo of Centerville, president; A. J. Rezendes, vice president; James Nunes, secretary treasurer. The following committee was appointed to enlist members: Andrew Garin of Hayward; Joseph Shinn, Jr., Don Driscoll, W. B. Kirk and Philip Moore of Niles; Tony Bettencourt, A. J. Maciel. George Silva, Manuel George, Tony Lewis, George Lowrie and W. J. Furtado of Centerville and Frank Gomez of Mission San Jose.

The majority of those present joined the organization.

Three objectives outlined for the groups were no open contracts, no sale of fruit till dried and in bins, letting prices be set by the advisory committee after negotiations with canners and processors.

Growers receive none of the advantage of advanced prices to consumers, one speaker said. Prices on the shelves are only 2 cents lower than when growers received $100 a ton for their fruit.

A meeting will be held in San Jose Tuesday night at which time delegates from the various locals will discuss price for the 1939 crop. This year's crop is large but not as large as it has been in some years, it was said. When the fruit is plentiful is the time to organize to demand the best possible price.

SLIGHTLY HURT IN AUTO COLLISION

NEWARK — Joe Lemas was treated for a minor cut on the head by a Centerville physician after a collision between his car and one driven by Richard Texeira at the intersection of Dairy Avenue and Sycamore street on Memorial Day.

HARVEST OF CHERRY CROP BRINGS RUN AT PEARCE CANNERY

The Booth Cannery at Centerville will start its apricot pack on July 1.

Officers Installed At Niles By Parent And Teacher Council

NILES — Luncheon was served to 105 at the Phoebe Hearst Council installation at the Old Adobe at the California Nursery on Thursday of last week, with the Niles Parent Teacher Association as hostess. Mrs. Harvey Braun and Mrs. J. A. MacDonald were chairmen of committees in charge.

The following officers were installed by Mrs. E. W. Buxton of Martinez, president elect of the 16th District, P. T. A.: Mrs. George I. Baker of Hayward, president; seven vice presidents, Mrs. R. S. Mayock, Irvington; Mrs. J. D. Bass, Castro Valley; Mrs. A. C. Day. Pleasanton; Mrs. Harold Tilton, Livermore; Mrs. Loren Marriott, Centerville; Mrs. Huber Kelly, Hayward; Mrs. R. J. Calhoun, Niles.

Other officers include Mrs. L. M. Turner, Mt. Eden, financial secretary; Mrs. A. R. Rollins, Hayward, treasurer; Mrs. Edna Hahn, Castro Valley, auditor; Mrs. A. F. Taylor, Castro Valley, historian; Mrs. F. W. Cathey, Hayward, recording secretary.

Mrs. Floyd E. Parker of Berkeley, district president and Mrs. A. A. Lowe of Berkeley, seventh district vice president, were special guests.

New presidents of the 15 units in the council were introduced. Music was furnished by Albert Silva, accordionist and each visitor was presented with pansies by the California Nursery Company. Mrs. A. F. Taylor of Castro Valley, retiring council president, presided.

Certificates were presented to the following units which have achieved association standards during the past year: Castro Valley, Irvington, Niles and Tennyson. The largest unit is at Castro Valley with 189 members. Niles with 140 and Irvington with 130. The newest unit is at Sunset with 37 members.

Reports of presidents told of various activities including taking students to the exposition, summer round ups, a $50 scholarship and $10 a month student aid fund by the Hayward Union High School, etc. Units present were from Alvarado, Burban, Centerville, Bret Harte, Castro Valley. Markham, Hayward Highlands, Hayward high school, Livermore, Mt. Eden, Niles. Tennyson, Valla Vista, Irvington, Sunset.

An invitation was extended by Irvington to hold the next council meeting at Linda Vista Park on June 5.

Mrs. Taylor's report included the following: Children aided by the units, 2157; total membership of 1801 as compared with 917 last year, 133 of these teachers and 236 men; two new units at Irvington which organized last September with 100 members and at Sunset which organized in March with 34 members; 209 examined at preschool health clinics and four parental education classes in units and one central class.

ENJOY WEINER ROAST IN CANYON

NEWARK — The high school Christian Endeavor had a weiner roast in Niles Canyon last night. Leo Brown, student assistant to the pastor had charge. Seventeen of the younger Christian Endeavor group attended the Camp Kent Rally in Marin county last week, being the largest delegation from any community.

An institute will be held the latter part of June to train leaders for the vacation church school to be held in August.

Stove Foundry Announces Readiness for Beginning of Operations at Irvington

IRVINGTON — With the opening of the Steiger and Kerr Factory and Stove Foundry, makers of Occidental stoves, announced for the early part of June. Irvington is a buzz with numerous activities. It has once more become the home of one of the West Coast's chief industries and the exodus of men who have had to find employment outside the town since the closing of the Reid Brothers Manufacturing plant several years ago will in part come to an end. Residents are looking forward to the time when they can "work at home."

According to George A. Sattler, secretary-treasurer of the company, actual production will begin within a week or two. About 125 men will be employed, 100 of these to be unskilled laborers. The first enamel was burned in one of the two big ovens this past week which also saw the moving of the San Francisco office staff to Irvington.

Approximately 500 dealers and salesmen from Central and Northern California will be invited to the open house party to be given by the company on June 24 and 25.

Within two weeks work is expected to begin on the first houses of the model village to be built on the 30 acre tract recently purchased by the company on the Irvington-Mission road. Negotiations are under way with the Federal Housing Administration.

The $500,000 plant will manufacture stoves and heaters from the fabrication of raw steel to the finished product. It will maintain its own enamelling and plating departments and each piece of the new stoves will be laboratory tested and subject to advice of expert gas engineers and masters of cookery.

A tour through the plant last week showed all departments being put in readiness for operation and some of the finished products in the sample room showed the nth degree of beauty and efficiency that will cause many a housewife of the township to do some budget figuring so as to include one of the de luxe models.

Another development last week was the purchase of the Salz warehouse which will supplement the main plant on its five and a half acre tract.

The Steiger and Kerr company has operated in San Francisco since 1869. It was recently organized with the following officers elected: John H. Sattler, president; William C. Gaffers, vice president and George A. Sattler, secretary-treasurer.

The reorganized company bought the Reid Brothers Manufacturing plant at Irvington several months ago and since that time has been engaged in extensive remodelling and additional construction.

Real estate men. merchants and the citizenry in general are beginning to bustle around with a new sense of satisfaction at the fact that a dream long sponsored by the Junior Chamber of Commerce and others has at last come true. Irvington has a new industry.

Mission San Jose Host To Thousands At Holy Ghost Fete

MISSION SAN JOSE — Thousands of people attended the 50th annual Holy Ghost fiesta of the I. D. E. S. Lodge No. 1 at Mission San Jose last week end. The 50th anniversary of the lodge will be celebrated on July 2.

CLIPPERS WRITE HISTORY

With the completion of the first regular airplane flight between the United States and Europe, a new page in aviation's history has been written in the last few days.

With this 5000 mile air journey of the giant Yankee Clipper across the Atlantic to Southampton by way of the Azores, Lisbon, and Marseilles, has vanished the world's last major trade route not yet served by air. Trans-Pacific service has already linked California with the Orient, and the magic of wings has long since spanned the Caribbean to connect the North and South American continents.

Yet, by curious coincidence, the Yankee Clipper took off for Europe the other day exactly 12 years after Col. Charles Lindbergh lfited his one-engine monoplane into the air to begin a historic flight to Paris that left the world breathless.

And now, a mere 12 years later, nonchalantly as you please, great ships course over Atlantic air paths as part of a routine job in a workaday world. We can even hear some Easterner saying, "I hope that girl in Paris gets the letter tomorrow that I mailed today!"

FACTS FAVOR FORD

1 The 1939 Ford V-8 is a beautiful, modern motor car. Its 85-horsepower engine gives you economical, well-balanced performance over the entire speed range — and the 60-horsepower engine is even more economical.

2 The structural strength of the Ford car — frame, bracing, axles, body — makes not only for safety, but durability and long life.

3 Ford hydraulic brakes are exceptionally large and strong in proportion to car weight.

4 The Ford car is stabilized for comfortable riding. Its springbase, the distance between front and rear suspension, is 123 inches. Seats are toward the center, perfectly balanced. The car does not bob or dip and can have very little sway.

• • •

These four points — power, strength, safety, comfort — are by far the most important essentials in any motor car. They form the basic value of your investment.

With this solid foundation to build on, the Ford V-8 has been made beautiful, spacious, easy to drive. It is richly upholstered and has all the modern features which add to the luxury and pleasure of motoring.

You can see these things when you take a trial drive, but do not forget that the main value is in the things you do not readily see — quality of materials, precision of manufacture, fundamental engineering.

Apricot Growers Attention!

Are you going to sit by and again allow the canners to set bankrupting prices for your fruit this year? Do you think that $25 a ton is a just return for your apricots?

Are you going to allow the packers to sell you short? The dried fruit packers are already making ridiculously low offers to the trade. They are selling fruit which is still growing on your trees. They hope to beat down the market by manipulation, then set their own price. You have never had any voice on what that price should be.

What Can You Do About It?
Organize the California Apricot Growers Union

1. Discourage open contracts and early sales.
2. Elect representatives to the proposed state body which will bargain for a fair price with the canners and packers.
3. Cooperate with the canners, packers and association. We are not fighting them.
4. Advertize Apricots. This is an important part of our program. We must create a greater market for our fruit.

Every Apricot Grower Must Act Now

Watch your newspapers for announcements.

ALL BOY

JOHN REED SIMPSON, eleven years old, of Los Angeles, California, is congratulated by Kate Smith, popular songstress, after her Thursday CBS broadcast for being the runner-up in a nationwide contest among twenty-five thousand American youths to determine the Typical American Boy. Karl McCready of Louisville, Kentucky, was national winner.

Johnny, whose father is in the wholesale paint business, was the Western regional winner in the contest whose committee of judges included Dale Carnegie, author and lecturer; Dr. William I. Fishbein, of the health department of Chicago; Jim Crowley, head coach of Fordham University; Lejaren A. Hiller, noted photographer, and others.

Johnny is four feet ten and one quarter inches tall, weighs ninety-three and one half pounds, and has a fair complexion. He is a sport enthusiast, and when he's old enough, he hopes to be a Boy Scout.

CHERRY GROWERS WILL HOLD CROP FOR 6-CENT PRICE

Santa Clara Valley Cherry Growers met at the civic auditorium in San Jose Monday evening and agreed to hold out for six cents on their Royal Anne cherries. At a meeting with the Canners' League in San Francisco later in the week, no agreement between the canners and growers could be reached. Another meeting will be held soon.

William J. Furtado Jr., large Centerville cherry grower, represented Washington Township. He expresses the belief that cherry growers can receive six cents if they are not too hasty in selling.
